🍽PROJECTS

Making Protfolio Using ReactJs(July 2020-present)
- The website is entirely build from using ReactJs, CSS, Bootstrap5
- Link: https://kajolrauniyar.github.io/Protofolio-using-React/

Hospital Management (2020)
- The website is entirely built from scratch using HTML, CSS, JavaScript, php and MySQL.
- The website also has options for the admin to search and keep updating medical history using interactive forms which helps interact with the data in the database and edit the website data as and when required without having to know the coding languages and database queries.

mySISCO(2019)
- Buying and selling Old Laptops and computers
- **Technology Used:** Custom WordPress,WooCommerce,Bootstrap4, Html, CSS
- Link: https://mysisco.com.au/
